- * PC, Exchange supports mobile phone browsers.
- * Google 2FA is optional.

Exchange's Characteristic

- * This exchange is based on Europe and new. Supported languages are English and Russian.
- * You must verify your email address during registration and during withdrawal of the fund. You must click the link included in the email to be validated. If you do not validate the notification, the exchange will cancel withdraw.
- * We have verified that the page loading is fast, however, data refresh has been a little slow. Please refresh the screen if you believe the data isn't refreshed for a while.
- * The administration team validated the transactions for the following coins, BTC, LTC, ETH, DOGE and NEET
- * We believe the transaction fee may be a little on the high end, and balance check was slow.
- * Transaction fees depend on the amount of the transaction by you. Please see below for the fee structures.

Market maker (rebate) Market taker (fee) Trading volume (for the last 30days)

Market maker (rebate)	Market taker (fee)	Trading volume (for the last 30days)
0.01%	0.1%	≥ 0 BTC
0.02%	0.09%	≥ 5 BTC
0.03%	0.08%	≥ 15 BTC
0.04%	0.07%	≥ 30 BTC
0.05%	0.06%	≥ 50 BTC

- * FIAT deposits: The Exchange support USD, JPY and several other currencies. However, these are restricted to certain regions. Please use it at your risk and understand your tax implications. The administration team will not manage any risks and tax implications.
- * You may see WebMoney, it is not the same WebMoney that you see in Japan.
- * It is a brand new exchange and please, understand the risk associated.

NEETCOIN Project has made the direct communication to the exchange's operators and managed the listing. If there is any major incident, the team will contact the exchange, however, the team does not guaranty the resolution.

If you encounter any problems, please contact the exchange for the support.
